Frank A. Quirós is a real estate consultant and market analyst who began his steps in the company within the market research department, which has taken him to acquire extensive knowledge in the four main markets: industrial, office, retail and residential.

He has a long history in the development and operation of businesses, which has given him a broad understanding of the requirements, procedures, and key factors that determine the success or failure of a commercial project.

Thanks to his integral knowledge, he has been able to collaborate in a variety of tasks, from market analysis to brokerage services; and even technical support and process optimization. Specializing in managing corporate clients, he has always demonstrated excellent communication skills and the completion of his clients demands in the highest quality standards.

Throughout his career, he has been active in multiple transactions in the Industrial, Retail and Office markets, besides being a key part in the development of market research studies for renowned customers in Central America.

He is currently involved in several high-profile accounts comprising multiple types of real estate product. Some of its most important customers are ANIXTER, Booking.com, Dippin Dots, Walmart, among others.
